

**FUNCTIONAL INFORMATION LEAFLET FOR DIGITAL SIGNAGE & IPTV**  
**FEATURE: SOCIAL WIDGETS**

Enrich your visual marketing content by providing your customers, visitors or employees with feeds from their favorite social platforms such as Facebook or Instagram. Easily link your social channels or campaigns with your on site signage to maximize your marketing outcome.

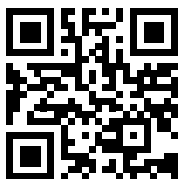

You might have seen physical social counters such as Swiirl in your favorite shop or restaurant. They display the Like or Follower count of your business in real time. You can do the same with Oscart and make your fan base grow. Watching the split-flaps in action is pure magic, this creates an interaction around your brand with a power you never imagined.

- 1** Connect with your Facebook account
- 2** Select a social feed or counter widget
- 3** Bring your feed or counter in real time
